

Volunteer Application

Thank you so much for your interest in volunteering with Animals In Distress Association. We are a wildlife rehabilitation organization operating in the Treasure Valley since 1987. Our avian facility, the Ruth Melichar Bird Center, is open 7 days a week, but the hours fluctuate depending on the arrival of baby birds. Our approximate hours are 9^{AM}–1^{PM} October–March and 8^{AM}–8^{PM} April–September. Annually we rehabilitate over 3,000 birds and waterfowl, 300 mammals and field over 5,000 calls a year regarding injured, orphaned and nuisance wildlife.
